

LOCAL INTELLIGENCE

Wednesday, July 24, 1936

LOCAL BRIEFS

See Supervisor's report.
As will be seen by an advertisement elsewhere, E. G. Scruggs has left the Duval House, and has opened a shoe shop four doors north of Winnsboro Hotel.
The Misses Jennings gave a charming reception Monday evening complimentary to Misses Daisy Wright, of Columbia, and Virginia Workman, of Camden.
Judge Buchanan left on Saturday afternoon for his home. During his week in Barnwell he labored diligently, early and late and always with captivating courtesy.—Barnwell People.

The supply of watermelons in town Saturday was decidedly greater than the demand for them. Prices were "stiff" in the forenoon, but before night the finest on the market were being sold for a song.

Messrs. Jordan & Davis, agents here for wheels manufactured by the Pope Manufacturing Company, will offer for a few days great bargains in slightly shop worn wheels. These wheels are in perfect condition and simply show the effect of handling in stock.

Messrs. Jas. W. Hanahan, R. B. Hanahan, M. D., J. M. Elliott, and John McMaster returned Sunday morning from Kiawah Island where they spent a week fishing. They found the weather hot and the mosquitoes very much in evidence but in spite of the discomforts they enjoyed the trip immensely.

The old Mt. Zion oak, one of Winnsboro's landmarks, is showing unmistakable signs of dissolution; it "stands trembling on the verge of non-existence," and without prompt and careful attention it will soon be numbered with the "has-beens." This magnificent old oak is thoroughly identified with the history of Winnsboro, and it should not be allowed to die of neglect. No effort should be spared to prolong its life.

Last summer we implored the town council to have the town cleaned, and warned it that the filth about town contained fever germs. This year no systematic cleaning has been done, and a few cases of typhoid fever have developed. People ought to be made to keep their premises clean. We venture to say that the ground under the freight depot has not been thoroughly cleaned in ten years. There is absolutely no excuse for this. The Southern Railway is certainly able to have it done, and the company should be made to do it. Other places could be specifically named, but as the whole town needs a systematic cleaning it is unnecessary to designate the particular places.

CASTORIA.
The kind you have always bought.

Everything Goes.
R. Brandt, the Chester jeweler and optician, is going to make a clean sweep in order to make room for more goods. From now until September 1st everything will go at greatly reduced prices. Don't fail to see his new ad-to-day.

Furman University.
Our readers are referred to the advertisement of Furman University which appears in this issue. Any information concerning this well known institution will be cheerfully furnished by President A. P. Montague, Greenville, S. C.

GRAND EXCURSION TO CHARLOTTE.

The grand excursion to Charlotte on July 29th will carry a special coach for whites. Those wishing to visit Charlotte will please bear this in mind. Fare for the round trip will be \$1.00.

Rev. J. Williams,
W. M. Blake,
Managers.

Blackstock Won the Game.
The game of ball played in Blackstock Thursday between the Winnsboro and Blackstock teams was won by the latter, the score being 14 to 19. The Winnsboro boys played good, fast ball but their opponents were a little too much for them. Aside from the great batting of Mackorell W., Hanahan, and Quattlebaum, G., there were no particularly interesting features.

REV. JABEZ FERRIS IN COLUMBIA.

At the First Baptist Church yesterday morning the pulpit was filled by Dr. Ferris, of Winnsboro, in the absence of the pastor, Dr. W. G. Lindsay.

The subject of the discourse was "The Early Conversion of Children," and on this Dr. Ferris preached an able sermon. He is a strong preacher intellectually and his sermon yesterday was a great treat to the congregation, as it gave to them much food for thought.—The State.

AMAD DOG GOES THROUGH TOWN.

A dog supposed to be mad created a considerable amount of excitement in the "West End" Monday. He managed to get out of town before any of his numerous pursuers got a shot at him but was killed before he got many miles away.

No one was bitten but it is not known whether the dog is at least one diseased disease that science has been able to cure in all its stages and that is Catarrh. Half's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Half's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise "our meritorious remedy."—G. M. LAY, Keokuk, Iowa. For sale by McMaster Co., Druggists.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK

DEATH OF MRS. J. I. ALLEN.

Dillon, July 23.—Mrs. Lucy Allen, the esteemed wife of the pastor of the Baptist Church here, the Rev. J. I. Allen, died at 10 o'clock last night, after an illness of several weeks. She was formerly Miss Merritt of Columbia. She leaves three bright children and five step-children.—The State.

Mrs. Allen was a sister of Mrs. B. J. Quattlebaum of Winnsboro. Mrs. Quattlebaum received the news of Mrs. Allen's death while in Columbia at the bedside of another sister, Mrs. J. M. Quattlebaum, who is desperately ill of typhoid fever. Mrs. Quattlebaum's many friends in Winnsboro sympathize with her deeply in her affliction.

SUCCESS—WORTH KNOWING.

40 years' success in the South, proves Hughes' Tonic a great remedy for Chills and all Malarial Fevers. Better than Quinine. Guaranteed, try it. At Druggists. 50c. and \$1.00 bottles.

THIS IS AN EXCELLENT SUGGESTION.

To the members of the G. L. I.: Knowing that the company has some six to eight hundred dollars on hand, and from the present outlook they will never need it, I respectfully ask that they consider the following proposition: That they contribute their funds towards building a pavilion at the park and all other necessary improvements. Let the members of the company appoint six of their company to say how it shall be used. The funds of the town are insufficient to do it, and no doubt if they are asked they will add additional funds to the G. L. I.'s and make the place a pleasant place for the whole town. A member G. L. I.

A WHITE FAMILY IN NEED OF HELP.

THE NEWS AND HERALD has been informed that there is in Winnsboro a white family desperately in need of assistance. These people, it is learned, are industrious, and under ordinary circumstances thoroughly capable of providing for themselves, but at present most of them are ill and utterly unable to work. They are said to be in an almost destitute condition. This is an excellent opportunity for charitable inclined people to do some good work. These people have made no appeal for assistance, but we feel sure that any help offered them will be thankfully accepted, and duly appreciated. Persons interested can get further information by calling at this office.

A GOOD CHANCE.

Do you want to join the army? If so, a splendid opportunity is offered you. Lt. F. C. Black will open a recruiting office in Spartanburg. He will recruit for the 3rd Regt. W. S. Vol. Engineers. This regiment will be commanded by Col. D. D. Gaillard, and Major H. C. Davis will command one of the battalions. Both of these officers are Fairfield men, and they will be much gratified to have some recruits from this county. Privates in this regiment are paid more than in the infantry. Twenty dollars and fifty cents per month will be paid besides food and clothing. We are authorized to state that whenever a squad of men is collected in any town in the State, they can be enrolled there and their expenses paid to Jefferson Barracks, near St. Louis, Mo., the place of rendezvous.

MAKE THE PARK SPRING ATTRACTIVE.

The popularity of the fortune spring water is on the increase and there are now a great many people in town who make daily trips to the spring. As yet the water has not been analyzed by an expert, so it is not known whether it contains mineral properties. Those of our citizens who have been drinking the water regularly are firmly convinced that it does contain medicinal virtues, and they are particularly anxious for the town authorities to forward a sample to some chemist for analysis.

Even if the spring water is not what it is supposed to be, the park itself ought to be made a little more attractive. The expense of erecting a neat pavilion over the spring and of putting a few benches in the vicinity for the comfort of people who go there would be inconsiderable. The park is accessible to everybody now that bicycles have come into such general use. An attractive resort, such as it could very easily be made, is rapidly becoming a necessity.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one diseased disease that science has been able to cure in all its stages and that is Catarrh. Half's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Half's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

PERSONAL

Hon. Geo. D. Tillman spent Sunday in town.

Mrs. Cliburn and children returned Saturday night from Lancaster. Mrs. Holbrook Rion and family have returned from Davidson College. Miss Ebel Rabb, of Tampa, Florida, is visiting her grandmother, Mrs. N. K. Rabb.

Mr. William Johnston, of Louisiana, is on a visit to his brother Mr. T. L. Johnston.

Miss Bertha Robinson left Tuesday for a ten days' visit to friends at Edgemoor, S. C.

Mrs. Hanna Rion is visiting her mother Mrs. Mary C. Rion at the Winnsboro hotel.

Mrs. M. G. Roche and children and Miss Louise Baldwin returned to Columbia on Tuesday.

E. Scott Douglas, Esq., of the Columbia bar was in town Friday on professional business.

Miss E. G. Dwight returned home Sunday after an extended visit to relatives in St. Louis, Mo.

Miss Virginia Workman returned to Camden Friday after a delightful visit to friends in Winnsboro.

Mrs. Hanna Rion and her daughter Theresa arrived on Friday and is stopping at the Winnsboro Hotel.

Mrs. M. R. Gladden left Friday morning for Shelby, N. C., to visit her daughter Mrs. J. G. Halliburton.

Miss Berie Cathcart, who has been visiting relatives in Winnsboro, left Saturday for her home in Charleston.

E. B. Ragdale, Esq., returned Saturday from a combined business and pleasure trip to the national capital.

Mr. Means Beaty arrived in Winnsboro Tuesday night. He has been quite unwell, and has come home to recuperate.

Mr. A. E. Gerig left at mid-day Sunday for Ocala, Florida, after a very brief visit to his parents. Mrs. Gerig will remain here for several weeks.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by McMaster Co., Druggists.

IMPORTANT TO SURVIVORS.

It is the duty of the Fairfield County Board of Pensions to give the following notice:

The surviving soldiers and sailors who were in the Confederate service are requested to meet on Saturday, 30th of July, at the usual following places of the township clubs in each township, and after organizing and electing a chairman and secretary, to elect by a majority vote three of their members—or reputable citizens—who are not applicants for pensions to constitute and be known as the Township Examining Board of Pensions.

The said township board shall elect one of their members chairman. The chairman of the several township boards shall meet in Winnsboro on the first Monday in August next and shall organize by electing from among their number a chairman and secretary, and when so organized, shall elect by a majority vote four of their members and a regular practicing physician, who shall be known as the County Examining Board of Pensions for Fairfield County.

G. H. McMaster,
Chairman County Examining Board of Pensions.

THE FARMERS' INSTITUTE.

A Very Interesting Meeting—Attendance Not Encouraged.
The first farmers' institute held under the auspices of the newly organized Fairfield Agricultural Association met in the court house on Saturday at 11 o'clock. Mr. Jas. M. Stewart, president of the association, in opening the meeting stated the object of the organization, and explained the character and scope of the work proposed. Mr. Stewart then introduced Prof. C. M. Farman, who made an interesting historical sketch of industrial education in this country, and then proceeded to explain in detail the plan that Clemson College and the S. C. Experiment Station will pursue in giving the farmers practical assistance and co-operation in their work. His remarks were listened to with the closest attention by those present.

At the conclusion of this address Prof. Shiver, the assistant chemist at Clemson, was introduced and he delivered a most entertaining and instructive address on "Commercial Fertilizers." This is a subject of deep practical interest to planters and those present derived much benefit from Prof. Shiver's remarks.

Prof. Hart, who is in charge of the dairy farm at Clemson was the next speaker. He is an expert in this line, and his address contained a great deal of valuable information. Dairy farming is rapidly becoming an important industry in Fairfield, and Prof. Hart's timely address was particularly interesting to those who are making dairying a prominent feature in their farming operations. Prof. DuPre whose specialty is horticulture was present, but, unfortunately, the number of persons present when his turn came to speak was too small to warrant his making an address.

Owing to the fact that farmers are unusually busy at this time the attendance was not very large. The time selected was unfortunate. It is hoped that in future the meetings can be held after the crops are laid by, and farmers have more time at their disposal.

Backen's Aches Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, &c., and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by McMaster Co.

Winnsboro No. 2—U. G. DesPortes, John M. Smith, J. B. Stevenson.

Water—J. M. Gayden, Wm. Isenbrow, Thos. A. Moore.

White Oak—J. B. Patrick, J. J. McDowell, M. Y. Bankhead.

Woodward—J. R. Craig, T. W. Brice, Jr., W. M. Harvey.

The assessment on candidates as follows: Congress, \$10.

House of Representatives, \$3 each.

Treasurer, \$5.

Auditor, \$5.

Superintendent of Education, \$5.

County Supervisor, \$5.

Pledges of candidates to be handed to county chairman and assessments to be paid to the treasurer of the committee at least ten days before the first primary election. No vote will be counted for any candidate who does not comply with the above.

J. R. Curlee,
Secretary and Treasurer.

Look-A-Strike in Time

Saves nine. Hughes' Tonic (new improved, taste pleasant), taken in early spring and fall prevents Chills, Dengue and Malarial Fevers. Acts on the liver, tones up the system. Better than Quinine. Guaranteed, try it. At Druggists. 50c. and \$1.00 bottles.

PICKENS PICKINGS.

Good Place to Rest From Business Care—Kind and Hospitable People.
Pickens, July 14.—I will write a few lines. Pickens is a very little town noted for pure mountain water and clear, sparkling water, filled with kind, hospitable people who are justly proud that they are at last connected with the world by a railroad line from Easley, nine miles away. We have a bank, recently organized, and several new stores going up, brick buildings. We have good water power on both sides of the town which can be utilized in various ways. I find Pickens not behind other counties in the number of patriotic men, good and kind to every new comer, and anxious to serve their country in time of war.

There is a large crop of candidates already announced and probably more to follow. Now, if you want a nice, quiet place to rest a month, I advise you to try Pickens. You will find good boarding houses where you can forget business and have a home at reasonable rates.

The Court of General Session is going on here now. Judge W. C. Bennett is the presiding judge. Murder cases are to be tried.

Crops are fine. Mad dogs are quite numerous. R. B. Y.

Frank L. Stanton has written a good deal of "verse" in his time, and is still at it, without signs of flagging, but he drops into poetry sometimes, as the following selection shows:

"O, the glory and the story of the light,
The dashing of the war's eads in the strife—
The charge and the retreat,
And the flag the winding sheet
Of faces staring stardward from the strife—
Lost life,
And the waiting of the mother and the wife!"
—News and Courier.

JAPANESE PILE CURE
A New and Complete Treatment, consisting of SUPPOSITORIES, Capsules of Ointment and two boxes of Ointment. A never-failing cure for Piles of every nature and degree. It makes an operation unnecessary, unless the hemorrhoids are very large, in which case a small operation will be performed. We make a written guarantee in each box. No cure, no fee. Send for a box of 50c. or \$1.00. Sent by mail. Samples free.

FREE—A trial of this famous Little Pills will be given with a \$1.00 box of Ointment. The cure for Piles is guaranteed. Send for a box of 50c. or \$1.00. Sent by mail. Samples free.

J. J. OBEAR, Druggist, Winnsboro, S. C.

THE CHAIN GANG'S WORK.

Supervisor Tennant, in Reply to Mr. Ladd. Says that the Board of Commissioners Designates the Roads to be Worked by the Gang.

Mr. Editor: I notice a communication in your issue of the 19th inst. from Mr. A. W. Ladd in reference to the work of the chain gang. In reply I need only say that the direction of the chain gang as to where it is to work is wholly at the discretion of the county board, which is composed of one representative from each township. They meet frequently and direct the movements of the gang, as to where it is to work, &c. It is the unanimous purpose of that board to put roads in the best condition in such places as the public may derive the most advantage; for instance the whole county will travel the various roads leading directly into Winnsboro, while if we were to start the work on any branch road then the benefit would only be for those who live on that particular road. On the other hand, the chain gang has only been in operation about two years, and it is impossible to work all roads in the county in so short a time; but I think the amount and quality of work already done by the chain gang will satisfy all that in a few years more the roads of the whole county will be substantially improved, and when they are now doing, then the work of the gang will be much more rapid and the visits of the gang to different parts of the county will be much more frequent. But we find that it is useless to rush over a section of road and half do the work, as it is about as bad as no working at all. As to that particular section of road to which Mr. Ladd refers, I will say that there are four other public roads leading through the same neighborhood upon which the hands of the community will be put. As they are not so important as the Bell's Bridge road the chain gang will not be put to work on them until all the principal roads of the county have been worked. I hope Mr. Ladd will understand my position in this matter, and every one may rest assured that every effort of mine in the discharge of public duty is to benefit the whole people. Respectfully,

B. G. Tennant,
Supervisor.

July 25, 1936.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages and was finally cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even Asama, Brounch and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at McMaster Co.'s Drug Store. Regular size 50 cts. and \$1.00. Guaranteed to cure or price refunded.

A WORD OF EXPLANATION.

From Rev. H. K. Zell, Candidate for Superintendent of Education.

My friends have presented my name to the voters of Fairfield County as a candidate for the office of Superintendent of Education. Permit me to say, therefore, that if I am elected, I will serve the public to the best of my ability. There are some considerations why I have consented to accept the position if it should be tendered to me. In the first place, it has been suggested that, being a minister, I might be enabled to give moral tone to the schools. This is a consideration that weighs mightily with me. For I am profoundly conscious that any effort to educate the intellect, while giving no attention to moral culture, is sadly deficient. My friends think that the office would add to my sphere of usefulness as a preacher. I am aware that some people seem to think that a preacher ought not to hold any public office. But I do not think if I should hold the position of superintendent of education that I would be going into politics, as it would be my business to execute and not to make laws. Having had considerable experience as a teacher and having been actively and continuously engaged in preaching for some fifteen years, I feel that the time about equally spent in the two countries of the State, namely, Sparta, Union, Greenville and Fairfield, and mingling with the people both in town and country, it would seem that my observation and experience ought to be of some service to the discharge of the duties of this very responsible trust. Let me say also that I have not the remotest idea of relinquishing in the slightest degree my work as a minister, should I get the office, and I expect to follow it as long as the Lord gives me work in His vineyard of soul saving.

But the work which I am doing in the county is of such a nature that I can act as superintendent of education and continue to supply my churches. The churches are so few and can only afford to engage a preaching one or twice per month, and should I live in Winnsboro, as I hope to do, I would be in easy reach of them from time to time, and my Sunday morning office presence to me at this time no mean consideration as I have a large family, four of whom are of proper age to be in school. The oldest, a daughter, ought to be in school of high grade, but the small salary additional expense of sending her to school. These and other considerations from a financial standpoint lead me to wish the office.

The other candidates for this office are all nice gentlemen so far as I know. I am not personally acquainted with any of them except the present incumbent. He seems to have done well with the office, in some respects at least, but I presume that he has done no more than was his duty. For it was his duty to do anything and everything he could to make improvements in the work of his office. He had the office four years and perhaps a change would not be hurtful. I write this fully of the matter as I may not be able to make any very extended canvass of the county. Indeed I am well known in most of the county, and if the people think favorably of my candidacy, and give me their support I shall greatly appreciate their kindness.

If circumstances will permit I may attend the campaign appointments, but it may not be possible for me to do so. In any event I will cheerfully abide the will of the majority of the voters of the county.

Very respectfully,

H. K. Zell.

P. S.—There is a rumor that Rev. J. P. Isenbrow withdrew from

the race in my favor. I wish to say that he never mentioned the matter of his candidacy to me until after he was announced and then had withdrawn. Neither did I mention to him my purpose to run until after my announcement had gone to the press. There is therefore no connection between his withdrawal and my announcement. I do not know why he withdrew. Bro. Isenbrow is popular and deservedly so; but I am asking the suffrage of the people for my own sake and not for anyone else's sake, and am very grateful for the encouragement that I am receiving. H. K. Z.

PERSONS TROUBLED WITH DIARRHEA.

Persons troubled with diarrhea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Danvers, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory, and I am now completely free from the affliction." For sale by McMaster Co., Druggists.

SPAIN AND THE LETTER "M."

From the Boston Traveler.

The letter "M" still plays its part in the war. Just think of its prevalence in the events of the last few months! It stands for Maine, mine, McKinley, Madrid, Matanzas, Miles, Manila, Monterey, Maria Cristina, Marianne, Maria Teresa, Mariebelle, Minneapolis, Mole St. Nicholas, Menzies, Morris, Merriam, Massachusetts, Mobile, Meridian, Monsignor Merry del Val, the marines (at Guantanamo), Monterey, Monadnock, Monte (the Spanish general besieged at Macabara), McKilloh, Monet, McCalla, Maxim, monitor, militia, Ministers, Morton howitzers and Montezuma. Recently the government at Washington has purchased half a dozen transports the names of which begin with "M," and it may be added that among the most annoying drawbacks in camp thus far have been measles and mud.
